

Pictures/Video

Wedding at Gosfield Golf Club:

A recent wedding at the Hertfordshire Golf and Country Club

Set up was a bit squashed up in a corner:

The person in the picture is my Roadie/Lighting Technician.

Due to equipment being updated and changed as well as available space, the appearance can vary from function to function.

Wedding at the Bull Inn, Great Totham

Party at the 147 Sports and Social Club, Witham

Party at the Saracens Head, Chelmsford:

Coggeshall Football Club:

Latest modern digital equipment is used utilising both CD's and laptop. A digital sound processing unit is also used to provide a much more natural, hi-fi rather than a harsh ear ringing sound.

Runwell Parish Hall:

Setting up on stage. Note the two speakers each side to separate the bass from higher frequencies. This produces a much more natural sound than trying to force everything through one speaker.
